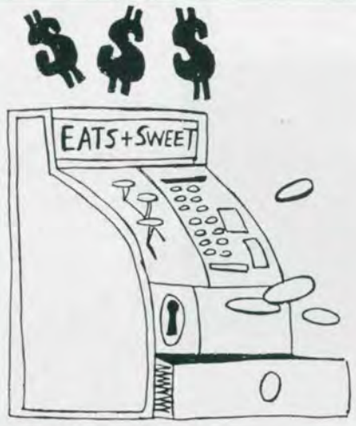
These are your role models after six years at PHS!!!

SENIORS



Class

In 1987 we arrived at Proctor Junior-Senior High School. That year the Girls' Varsity Field Hockey team won the state championship. During our seventh grade year Robert Bork was rejected as a Supreme Court nominee, and John Tower was rejected as Secretary of State. The United States also attacked Libya.

During our eighth grade year we journeyed to the Hulburt Outdoor Center and conquered Mount Moosilauke. We also operated a snack shop after school in Mrs. Clark's classroom, called the Eats and Sweets Shop. The money earned from our efforts was spent on a class trip to the Ben and Jerry's Factory in Waterbury. The class came in second place after being robbed of first place honors in the Winter Carnival. George Herbert Walker Bush was elected the nation's forty-first President.

In 1989 we began our high school careers in earnest becoming freshmen. The Berlin Wall came tumbling down, and the Cold War ended with Communist regimes collapsing across Eastern Europe. United States forces spent Christmas abroad, invading Panama.

The summer before our sophomore year, Saddam Hussein launched his invasion of Kuwait. After much military and diplomatic posturing, he was given an ultimatum to withdraw by January 15. On January 16, at about seven A.M. (eastern time) our nation went to war.

It was towards the end of the war that our class made its trip to New York City. We visited the State of Liberty, saw a basketball game at Madison Square Garden, spent an afternoon at the United Nations building, watched a Broadway play, and shopped until we dropped. Our waiter at the Hard Rock Cafe brought us the news when the ground war, the war's 100 hour finale, began.

It was also toward the end of that school year that a video tape was made of L.A.P.D. officers beating a motorist named Rodney King.

At the end of the summer before our junior year, the entire world spent three days on the edge of their seats as a group of Soviet communist hardliners led by Gennadi Yanayev tried to overthrow the government of Mikhail Gorbachev. Thankfully, the coup failed. It marked the end of Communism in the U.S.S.R. and later the end of the Soviet Union itself.

History

At home, as juniors, we put on an overwhelmingly successful prom, and served a fine lunch at Winter Carnival. Students also traveled to France during April vacation and to Germany during the summer. It was toward the end of our junior year that the seven officers tried in beating Rodney King received a verdict: not guilty. The resulting riots shocked and divided the nation. There was good news at home as well. After as many as seven years, Lebanese terrorists finally released the last of the American hostages.

In our Senior year, the class trip was held at Six Flags Great Adventure in New Jersey. Our class was fairly well off financially, we only had to conduct a few fund raisers over the year, including a carnation sale at Christmas and at Valentine's Day and hosting the Winter Carnival Dance.

Meanwhile, Ross Perot shook up (or at least amused) the nation with his third party campaign for President. Nonetheless, Bill Clinton became the forty-second President of the United States. A baby boomer was now in office and a new era had begun.

My name is Adi Wicaksono Taroepratjeka, but usually people call me Adi because my last name is too hard to pronounce. I come from Bandung, Indonesia. Indonesia is beautiful paradise on the equator.

Since I live on the equator, I have never seen snow. It is very thrilling for me to see it.

I joined the Varsity Boys' Soccer team and, although I am not very good at it, I am very proud of our team! I am also a photographer for the yearbook.

I am living in Proctor with the Dritschilo's for the year. I have made a lot of friends during my stay, and I like it here very much!

Jean Charlton and Tara Buonadonna

Adam Gates and Peter Curtis were the delegates to the 1992 Boys' State Convention held at Norwich University during the week of June 21-26. Adam and Peter also aroused a determination to maintain our system of government. The week was balanced out with active competition in athletics.

Tara Buonadonna and Jean Charlton attended Girls' State in Montpelier for five days this past summer. During the week they attended seminars and workshops about how the government operates. They had the opportunity to meet many students and to make new friends from schools from all over Vermont. They also performed this and another play for the school and community during the spring semester. The drama club is directed by Mrs. Colman.

Winter Carnival

The annual winter carnival was held on February 11th. It was one of the best carnivals ever held due to a snow storm that hit the area just in time for the festivities. Classes competed fiercely in outdoor, indoor, and skating events. Outdoor events included snow soccer, flag football, tug-of-war, as well as the newly added sled racing competition. The frigid temperatures made the ice at the skating rink great for the co-ed ice hockey games and obstacle courses. Refreshments were sold to the freezing students by the freshmen in the warming hut.

The indoor events included indoor soccer, floor hockey, and volleyball. Other events for the physically weary included scattergories, ping pong, and trivia. A tantalizing lunch was served in the cafeteria by the junior class.

Each class was able to accumulate points towards their final score by participating in hat day, spirit day, and attendance at home basketball games.

The seniors sponsored a dance where the winners were announced at the conclusion of the evening. It was a close race for first place, but the eighth grade beat out the seniors by two points allowing them to reap first place honors. The seniors secured second and the freshmen third place honors.
